

The Virginia Model

The Virginia Model is an incentive program that allows adults incarcerated in the VADOC to have choices that can improve or restrict their privileges. Qualified inmates must be free of major convictions for the past 4 years and show no recent history of drug use, assaults, or safety threatening behaviors. Inmates can apply on the kiosk or during their annual review.

If you qualify and opt in, participation in the new program is mandatory. Serious rule violations, either before or after transfer, will result in immediate removal and transfer to another VADOC facility.

YOUR CHOICES
determine
YOUR DIRECTION
